

Parking Lots to Parks

Speakers' panel on sustainable parking lot design

WHY SUSTAINABLE PARKING LOTS?

Join four nationally recognized speakers to explore how sustainable parking lot design can have environmental and economic benefits for communities across the region.

Through this half-day workshop, planners, designers, architects, engineers, city professionals and others will learn about the challenges and opportunities of creating sustainable parking-lot structures.

SPEAKERS

JEREMY NELSON

Senior Associate, Nelson\Nygaard Consulting Associates

Jeremy Nelson has 10 years of experience as a transportation researcher and planner in the public, private and nonprofit sectors. He is an expert on the impact of parking policies on transportation choices, land-use patterns, urban design and environmental quality.

KEVIN ROBERT PERRY

Stormwater Design Specialist, Nevue Ngan Associates

Kevin Robert Perry is a recognized leader in successfully integrating stormwater management with high-quality urban design. He has designed, managed construction, and provided post-construction site monitoring on green street and rain garden demonstration projects.

JOHN T. KEVERN

Assistant Professor, University of Missouri-Kansas City

John Kevern is a nationally recognized expert on pervious concrete and a member of the American Concrete Institute's Pervious Concrete and Sustainability committees. He also sits on the Transportation Research Board emerging concrete technology committee.

RENEE MARIE GLUCH

Associate Lecturer, Brigham Young University

Renee Gluch is a teacher and researcher whose interests include the use of remote sensing and geographic information systems to study urban growth and environmental impacts resulting from urbanization, as well as surface energy exchanges in urban areas.

Parking Lots to Parks is one of six Sustainable Skylines-Kansas City projects, which reduce pollution and promote sustainability in urban areas. Sustainable Skylines is a partnership among the Environmental Protection Agency, Mid-America Regional Council, Greater Kansas City Chamber of Commerce, Kansas Department of Health and Environment, Missouri Department of Natural Resources, local governments and nonprofits.
